A Taken main has received the light care follows which can be conferred on narrows in the state in Sanday school with the History Fire which follows in the History Fire which will be in the History Fire which work in Taken, has been at positive to accordance for the Na found Sanday school sensitive from mixture.

ART ON THE BILLBOARDS

New Method of Booting by the Use of "Posters" is Proving Effective.

extract of the boost provident but founds in town.

Since the above was started to place placears on bullerands of the elect that were an atomic value, there is not becautiful and had but an atomic value, there is not becautiful and had but an atomic value, there is not becautiful and had but the one pow on display. On the old course of the come for the elect of the one pow on display to the old and honder is a borne to Thard and thouser is a borne to the observations as he had been the effect of the passes of the borne in the effect of the passes of the shown the first of the passes which has shown the first to be partially to managing in some very and the lay seems are being homoral with the parties of the association of any compensation whatever for the work, or has are concern part to be thus honored by the association.

MAY BE NO RACE TODAY

Burricom Is Raging Over the Sailing Course

NEWPORT, R. 1. July 6.—Whether the cup yas hits Defiance. Resolute and Vanitie will began their series of trial races tenerrow will depend largely on the sevents of the nurseam which harst over Narragansest lay at sundown tenight. The prospect for yacht rading with heats built only for moderate or fresh airs tenight seemed disbrons.

Leave Off Coats.

To wear a coat or not to wear a coat." is one of the burning issues of the day. Most men selve the problem by going coatless and letting the chips but a few men will continue to wear coats. Some of them instit that they are here comfortable than if they peeled them off. The shirt-sleeve brigade give the ha! ha! to this line of
